Advance praise for *Under the Swastika in Nazi Germany*:

"Wide-ranging, clearly written, well structured and conceptually innovative, Kristin Semmens' survey of life and death in Nazi Germany is a masterpiece of compression, comprehensive in its coverage and taking in the most recent research. I can think of no better introduction to the subject."

Sir Richard J Evans, Regius Professor Emeritus of History, University of Cambridge, UK

"Kristin Semmens deepens our understanding of the remarkably varied German responses to Nazi violence and expansionism."

Shelley Baranowski, Distinguished Professor of History Emerita, University of Akron, USA
